Ten years on from completion, 1 Bligh Street in Sydney's CBD has been recognised with a further global accolade for design and development excellence as a 10 Year Award of Excellence winner from the Council of Tall Buildings and Urban Habitat (CTBUH) in Chicago. A decade ago, 1 Bligh Street was awarded the Most Outstanding New Tall Building in Asia and Australasia by CTBUH. 1 Bligh Street is a flagship development that has truly stood the test of time, combining ground-breaking design, sustainability and technology innovation in one of the world's most enviable locations. Co-owned by Dexus, Dexus Wholesale Property Fund and Cbus Property, the development vision was to create a premium office tower that would enhance the heart of Sydney CBD's financial district and deliver the sustainable workspace of the future with a fully integrated public domain. Commenting on the win, Darren Steinberg, CEO of Dexus, said, "1 Bligh continues to be recognised as the world's most innovative high-rise office building. Testament to the enduring success of 1 Bligh is anchor tenant Clayton Utz's decision to renew its lease for a further 10 years from 2021. This is an outstanding achievement for everyone involved in the creation and ongoing management of this iconic property."
