CTBUH 2025: Martin Reuter chairs High-Rise Jury

Date
15.09.2025

Our managing director Martin Reuter will chair the jury for Europe's Best High-Rise Building at the CTBUH (Council on Tall Buildings and Urban Habitat) in Toronto, 6–9 October 2025. In his specialist presentation, he will explore how the podium of a tower is becoming a vital interface between the city and the building itself. Today, skyscrapers no longer impress with their height alone – they can serve as active instruments of sustainable, inclusive, and resilient urbanity. >> [Show CTBUH Profile](#).
